

Can't Help Falling in Love - Soprano Ukulele

Wise men say only fools rush in

But I can't help falling in love with you

Shall I stay, would it be a sin

If I can't help falling in love with you

Like a river flows surely to the sea darling so it goes some things are meant to be

Take my hand, take my whole life too

For I can't help falling in love with you

I can't help falling in love with you
